

Accepted General Education Transfers

At Eternity, we have six courses that students need to take for our General Education requirements. They must be transferred into Eternity from a junior college or university. The following courses are acceptable transfers; they are taken from Moorpark College's catalog. The courses must be three semester hours or five quarter hours to transfer. Students should pick one course to take from each requirement. If you have any questions about whether or not your course would transfer email the Registrar at registrar@eternitybiblecollege.com. Include the course name, hours and course description in your email.
